

# LEARN HYDROPONICS... BY DOING IT!!

## WEEKLY MEETINGS: FRIDAYS @ 5PM CEAC RM 117

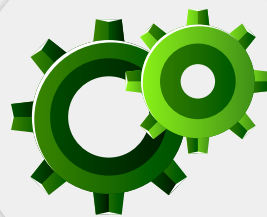

Join the Controlled Environment Agriculture Student Association to learn how to build and operate your own hydroponic system.

We have our own greenhouse space located at the Agricultural Center where we grow and sell our own produce!

### SUSTAINABILITY

Interested in hydroponics and vertical farming? Learn about the farming of the future!

### SYSTEM DESIGN

Like designing and building your own project? Join us to participate in CEA research and outreach!

### DIY GROWING

Have a green thumb? Help us grow and manage produce to sell at our weekly Farmer's Market!
